

STALLION BREEDING CONTRACT

This Stallion Breeding Contract is for the **2008** season. This contract is made, and entered into on this _____ day of _____, 2008, between Gary & Valerie Neal, hereinafter designated “Breeder” and/or “Stallion Owner, and _____ hereinafter designated “Mare Owner”. Mare Owner agrees to breed the Mare _____ Reg.# _____, to the Stallion, **TEES LEGACY** for \$1500. Mare Owner agrees to have a knowledgeable party inseminate the Mare with shipped cooled semen from this Stallion. The semen shipping fee of \$150.00 is to include one shipment only and includes the Fed Ex fees. Any counter to counter shipments will be charged for the airline fees and any courier fees incurred.

It is understood that the Breeder may need to limit the number of Shipped Semen Contracts for any breeding date. Priority for shipped semen will be based upon the date full prepayment is received. We cannot guarantee semen on the particular day you may need it. Mares at the farm are priority over shipped semen mares.

Fees for additional shipments shall be \$150 per shipment and any additional fees incurred. The stallion owner grants a “Live Foal” guarantee. Foal must stand and nurse. Each shipping container will have enough semen to inseminate **one** Mare only. Any attempt to breed more than one mare will **void** this contract and any money received shall be **non-refundable**.

All rebreeds will pay any Lab Fees and shipping fee of \$150. Rebreeds will be honored the following season only. It is at the stallion owner’s discretion as to whether or not the mare must be rebred at the Breeding Farm. A clean culture from a veterinarian may be requested and all vet expenses are the responsibility of the Mare Owner.

Ordering and confirming the availability of shipped semen is the Mare owner's responsibility. The Stallion will be collected on specific breeding days only. Contact the farm for breeding days - **Dave Williamson @ 859-361-7877.**

Advance notice of general shipment date is required to guarantee the availability of shipped semen. A confirmed shipped semen order must be made before **10AM EST** of the collection day.

All parties agree to follow their association rules and regulations with regard to the shipment of cooled semen and this contract will be interpreted and enforced under the laws of Ohio and then Kentucky.

Prior to shipping the Breeding Fees, and shipping fees, must be paid in full. No semen will be shipped until all payments are received in full with no exceptions.
